Dear Sir,

## Invitation for Joining the Exhibition Gallery

It is our pleasure to announce that The Ninth Chinese Laboratory Medicine Conference (9<sup>th</sup> CLMC) will be organized by The Hong Kong Institute of Medical Laboratory Sciences with full support from professionals in healthcare fields in China, Macau and Taiwan. This biennial Chinese Laboratory Medicine Conference has become the pre-eminent forum for the presentation of medical laboratory sciences and the related fields. It provides good opportunities for local and overseas medical laboratory professionals, researchers and academicians to share their precious experiences, explores and advances in clinical and scientific world.

The Organizing Committee members have confidence that more than 300 participants from all over the world will join the conference to exchange information, skills and expertise through various attractive topics.

The 6<sup>th</sup> CLMC organized in November 2003 left unforgettable memories to many participants. We are excited to have this event to take place in Hong Kong again. We could overcome the unexpected incidence in the year 2003; we hope that we will be successful again in 2009 though the global condition in 2008 is challenging.

The conference will not be a successful one without your support!

All sponsors and participants will contribute to the event. We sincerely hope that you will select at least one of the offers and make the event remarkable in Hong Kong in 2009!

Please find the details in the attached folder.

Looking forward to meeting you in the Exhibition Gallery

Yours sincerely,

Vicky Chu
